*Eau
Parfumée*

au thé vert

*In homage to revitalizing Japanese Green Tea,
a fresh luxury Eau de Cologne*

Eau parfumée au thé vert is Bulgari's very first fragrance for men and women. For the first time, a unique, bold and unexpected ingredient such as tea was at the center of the inspiration of a fragrance, giving an unusual sensorial and olfactive coloration to the concept of Cologne, one that was essentially aromatic. This was a new and exclusive accord in perfumery, and a new way to wear perfume.

The infinite vivacity of Italian bergamot immediately seduces the senses. The incomparably fresh accord of green tea, pepper, cedar wood, beeswax, and white musk notes that follows contains all the innate purity and transparency of a moment when the body and mind rediscovers sensations that are original, alive and vibrant.

A vital expression of refined elegance, it awakens and refreshes the senses. With Eau Parfumée au thé vert, Bulgari invites guests to experience sensations of pure and immediate well-being through simple, everyday gestures and rituals.

*A revitalizing fragrance
with a bright and exclusive accord*

au thé blanc

*Reminiscent of rare White Himalayan Tea,
a soothing luxury Eau de Cologne*

Eau Parfumée au Thé Blanc is a fragrant transcription of an aromatically delicate tea.

The fragrance opens with artemisia, its rising notes aromatic and comforting.

Then, soothing ambrette and white pepper create a harmoniously sweet and musky cocoon. A sense of absolute completeness fills body and mind, the woody musk and ambergris amplifying the composition with an enveloping sense of wellness.

Eau parfumée au Thé Blanc will please guests who seek deep relaxation within private, precious moments of luxury.
